

ASSOCIATION OF BRITISH RIDING SCHOOLS

HELPER'S CERTIFICATES

NOTES FOR PROSPECTIVE CANDIDATES

These tests are designed for riders who wish to help out with lessons at their riding school. Unlike the progressive rider tests in Equitation and Stable Management they are based on a log book and will be tested in-house by a member of staff over a period of time. There is no time limit for completion.

The contents of the log books are designed to encourage young helpers to develop increasing competence in assisting before, during and after lessons and a growing awareness of Health and Safety around the yard.

There are 3 levels of tests:

Entry	minimum age 10
Intermediate	minimum age 12
Senior	minimum age 14

The cost of training will vary from school to school. On completion each logbook will be submitted to the ABRS Head Office with a fee of £10. The candidate will receive an A4 certificate and a record of their success will be kept in ABRS files.
